

### *A Day Off*

Great news! Your boss called to tell you to take tomorrow off (with pay)! You have no housework to do, no errands to run, and no home improvement projects needing your attention. The bills are paid, the laundry is caught up, and your family's needs are met. The "bottom line" is that you have **no** responsibilities and **nothing** you must do on your day off! How will you spend your day?

- Sleep late
- Go out to eat
- Watch a movie or TV
- Read a book
- Get together with friends
- Go shopping
- Hobbies
- Gardening
- Social Media
- Day trip out of town
- Read the Bible
- \_\_\_\_\_
